SERVICE SYSTEM DEVELOPMENT

In the 2018/2019 financial year, the Service System Development Program continues to provide services that help frail older people 65+ (CHSP) and persons with disabilities below age 65 (HACC). The goals of the program helps elderly or isolated people with disabilities of Polish background to sustain their independence and creates opportunities for social interaction.

Service System Development Program provides a range of services:

Friendly Visiting Program – the group of dedicated volunteers visit lonely, frail aged people and younger people with disabilities at their home. Commitment and dedication of our volunteers made a significant difference in clients' lives. The program coordinator monitors the progress of each visit by maintaining a contact with the client and volunteer as well as the client's family. The role of the volunteer is: provide companionship, encourage participation in community activities, assist the client with his/her needs, encourage independence, self-esteem and dignity in the friendship. The program operates in all regions of Melbourne.

Telelink is a form of teleconferencing which provides valuable social support, interaction and "phone friendship" for isolated older people. This financial year nine seniors are linked every Tuesday for one hour. This financial year our clients spent 207 hours on Telelink.

Carers Group – provides emotional support and counselling, as well as education and development for carers of Polish background.

NDIS

It has been an exciting and active year, leading to the development of a new disability program at PolCare. It is with pleasure that I am writing the very first report for Polcare's National Disability Insurance Scheme (NDIS) program.

The National Disability Insurance Scheme (NDIS) provides support to people with a significant and permanent disability. The NDIS is implemented through an independent statutory agency, the National Disability Insurance Agency (NDIA).

The NDIS enables all eligible Australians to have access to mainstream, community and informal supports, that are reasonable and necessary.

The goal of the NDIS is to:

- Support the independence, and social and economic participation of people with disability,
- Support people with disability to develop the skills and capacity to participate in the community,
- Enable people with disability to exercise choice and control over the services they access to reach their goals; and
- Provide reasonable and necessary support to people with disability.

PolCare has been a registered National Disability Insurance Scheme (NDIS) provider since September, 2018. This was certainly not an easy task, which presented with many challenges. However, with persistence and patience it was possible. We have been actively providing NDIS services since January, 2019. The services currently offered and actively running under the NDIS program include:

- Plan Management
- Support Coordination
- Group and Centre Based Activities
- Access to community, social and recreational activities (Participate Community)
- Assistance with Self-Care (Daily Personal Activities)
- Household tasks
- Assistance with Travel/Transport

Excursion to Royal Botanic Garden.

During the year, we have been proud to support a growing number of participants, with the assistance of our Disability Support Workers, who have extensive experience in working within the community and disability setting. Furthermore, our Disability Support Workers have been able to provide exceptional care and support to enable participants to reach their goals, and be as independent as possible. All Disability Support Workers have the relevant qualifications and hold Certificate IV in Disability.

Moreover, participants accessing supports and services under the NDIS at PolCare are encouraged to exercise choice, control and independence. This has been particularly possible with the development of fortnightly group activities. Some of the excursions that the group has participated in so far include:

- Dandenong Ranges
- Arthur's Seat
- Melbourne Museum & City
- Circle Tram Ride
- Australian National Aviation Museum
- Museum
- Royal Botanic Gardens
- ZONE Bowling
- Dingley Village Adventure Golf
- & Braeside Park
- Scienceworks & Docklands
- Comedy & Magic Variety Show
- Village Cinemas
- Ballarat - V/Line
- Karkarook Park
- Rush HQ
- Bunjil Place

Excursion to Australian National Aviation Museum.

Excursion to Arthur's Seat.

PolCare continues to work collaboratively with partners, stakeholders and the community to ensure we gain and share knowledge and expertise for best addressing the needs of our participants and all people with disability. I have been actively involved in relevant: trainings, such as Support Coordination, and Putting Wellness and Reablement Into Practice in Social Support; forums, such as Driving Improvement in Community Services, and NDIS & Mental Health; information sessions and presentations, such as SMR Alliance – Navigating the Changes and Exploring Opportunities; expos, such as Southern Region NDIS Service Provider Expo; and informational and promotional activities, such as an SBS interview about NDIS at PolCare.

Looking to the future, PolCare will work towards the ongoing growth of the NDIS program by taking advantage of new learning opportunities, ensuring for the safe, effective and individualised service delivery, and adapting our approach with changing participant goals and needs.

I would like to take this opportunity to thank our participants, carers and family members for trusting in us and in the development of the program. I would also like to thank our exceptional Disability Support Workers, who have been continuing to provide exceptional, individualised care and support to our participants.

Lastly, I would like to thank Bozena Iwanowski – CEO and Marzena Wroniszewska – HR Manager, for their dedication and support, as well as all of PCCS and PCCV staff for their hard work!
