# CHAIRPERSON'S REPORT

I am pleased to present the 2020-21 Annual Report, an overview of the work we have achieved as a strong team over the past 12 months.

Once again it is my pleasure in providing note of thanks to all PolCare Staff, Volunteers, Management, and the Board of Management. To each one of you separately I would like to say a big THANK YOU for doing what you are doing best - supporting others.

As the COVID-19 pandemic continues to provide us with lots of challenges, you have managed exceptionally well by keeping yourself safe, and keeping our clients safe.

During these unprecedented times you have shown incredible resilience, courage, and patience.

We know that this pandemic is not over yet, and we are not sure when it will be over for good. However, we also know that we need to function as an organisation for the sake of others who so desperately need us. For that I thank you from the bottom of my heart.

The Board of Management joins me in congratulating you for the work well done and ask you to continue adapting with us to fulfil every challenge and complete every task.

On behalf of the Board of Management

of this growing from strength-to-strength incredible organisation, I would like to also congratulate the Chef Executive Officer Mrs Bozena Iwanowski and thank her for "keeping it all together" and rising to many challenges. This agility makes a huge difference in a constantly changing environment.

The "new normal": ZOOM meetings, working online, home office, and many more terms we have learned to adopt so quickly and implemented them with such a speed in the last 20 months. This became a second nature to us all now.

With this "new normal", work is different; accessible, adaptable, faster, better, on the go accessible from almost everywhere and futuristic. There is no going back, the new way is here to stay.

I am certain that as we learn to live with the Covid-19 new normal "hybrid mode of work" will be the common norm. We have learned to adapt to the many changes of how we navigate through our daily lives, how we shop, how we get together or access anything we used to take for granted. The pandemic gave us a lesson none of us expected, lets learn from it, embrace it, and move forward.

Our Board of Management is looking toward 2021-22, with all its' challenges. We hope to develop a stronger value and outcomes for our clients. Improving on

# CHAIRPERSON'S REPORT

delivering fabulous programs, utilising our resources, building capacity to provide our employees, volunteers, members and clients with continuous great support and commitment to the quality of our programs.

Last, but not least I am going to mention that what we have achieved this year is a remarkable outcome, strong financial growth, and growth as an organisation as well as the formal opening of our first Polish Respite Home in Crib Point Victoria.

I would like to take this opportunity to THANK all who supported us in this initiative by donating financially or in-kind gifts, labour, and time, this is just incredible. We can be proud as a community as this place now looks like an amazing Polish home, warm and welcoming. I am sure this home will serve our community well.

Congratulations Team!

On the following pages you will find the CEO. Mrs Iwanowski's detailed outline of all the important aspects of the operations in this financial year.

## CEO'S REPORT

It has been an incredibly difficult 12 months, with Covid-19 continuing to impact our services and people. Our dedicated staff and volunteers have been steadily focused on providing an exceptional quality of life for our workforce; their dedication and commitment is remarkable.

While the last 18 months have been challenging, we have reviewed our programs and clarified our vision for future services.

The conclusion of the Royal Commission into Age Care Quality and Safety and release of "Final Report: Care, Dignity and Respect" highlighted the ongoing challenges and Royal Commission into Violence, Abuse, Neglect and Exploration of people with Disability continues we welcome any recommendations that systematically improve the quality of life, health and wellbeing of people with disability.

Like all organizations in Age Care and Disability sectors we've faced significant workforce challenges which has seen us launch recruitment campaigns. I want Polcare to be a great place to work; one where our people feel valued and heard. We have positive feedback from our employees and volunteers. I look forward to implementing change, where needed, to ensure we remain an employer of choice for our staff and to inspire new people to commence in this field.

Physical distance continued to challenge our team throughout 2020-21. Staff and volunteers though outside the square to develop

initiatives including: monthly online zoom meetings, professional development zoom sessions.

Volunteers showed innovation too when unable to visit clients at home — connected throughout Be Connected Program, zoom sessions or Telelink program.

During the lockdown we are expanding our CHSP services, we are happy to receive Respite service and transport and meals and SSI and Domestic Assistance. We also delivering Covid Emergency for those in need in Polish community. The new and diverse CHSP programs will allow us to increase services in areas where there have been gaps so far.

## CEO'S REPORT

Our safety and learning delivered on-site personal protective equipment training to ensure that our staff is fully educated and using right PPE.

This year between lockdowns we organize Polish Senior Picnic and during two challenging days our seniors have a chance to enjoy well prepare activities.

I would like to thank our Chair Dr Sylwia Greda-Bogusz OAM and Board of Directors, all office staff, staff and volunteers across Polcare for their ongoing contribution, passion and commitment to making a

difference for our Polish Background clients – without you their will be very lonely during this difficult Covid-19 time. We would not be the organization we are today without you.

We offer various options to meet the demands of customers with their individual needs and preferences.

Our SSG programs follow a person-centred care model. Seniors who attend the program are able to participate in different activities that cater to personal interests and individual abilities. All activities are based around encouraging independence and promoting active living, positive ageing, wellness and reablement.

Throughout this year we have had 149 clients participate in our SSG program, which ran over 6690 hours, 4880 Meals and 1231 Transport.

In 2020, from the month of July, we managed to meet with single groups only at Christmas Lunch in Rowville and Albion.

We organised a few different trips in January, and in February we started regular weekly group meetings. Everyone was waiting for them with longing. However, in the middle of February, the lockdown was announced again. Upon our return, we had regular weekly meetings up until June, when we were locked up again. Social Support Group is running a modified program to keep people connected during COVID-19 restrictions.

During this time, interested customers received food, sanitary and hygienic packages few times. We cooperate with Chata Polska and every week during lockdowns we organize home delivery lunches for our clients.

We took care of our clients in alternative ways: telephone welfare checks, Telelink, virtual social support groups via WhatsApp and Messenger, weekly polish broadcast on SBS radio and monthly 3ZZZ broadcast.

# SOCIAL SUPPORT GROUPS

# SERVICE SYSTEM DEVELOPMENT PROGRAM

In the 2020/2021 the Service System Development Program continues to provide services that help frail older people 65+ (CHSP) and persons with disabilities below age 65 (HACC). The goal of the program helps elderly or isolated people with disabilities of Polish speaking background to sustain their independence and creates opportunities for social interaction.

The Service System Development Program is supported by funding from the Commonwealth and State under the CHSP and HACC.

Polish Community Care Services enjoys great support from volunteers who not only contribute to below programs, but also help in administrative work and in organizing celebrations for our clients and their carers

## Service System Development Program provides a range of services:

**Friendly Visiting Program** – the group of 28 dedicated volunteers visit lonely, frail aged people and younger people with disabilities at their home. Commitment and dedication of our volunteers made a significant difference in clients' lives.

During Covid-19 pandemic volunteers called clients as often as possible instead of visiting them and provide them with emotional support/friendship. Volunteers spent with clients 1700 hours (visits and phone calls).

**Telelink** turned out to be a very good form of spending time, establishing new contacts and even friendship which provides valuable social support, interaction for isolated aged people. Nine seniors were linked every

Tuesday for one hour. Seniors spent 241 hours on Telelink.

**Carers Group** - the aim of that group is to improve the health and wellbeing carers and to promote the recognition of caring as a shared responsibility of family, community and government.

As every year, the Carers Group in the Polish Community Council of Victoria celebrated the Carers' Week, which this year took place on October 11-17.

Carers' Week is a great opportunity to thank all those who care for the elderly and the disabled. For their enormous commitment and invaluable work in helping those who need it most now.

This year we celebrated Carers' Week at a special time, during the COVID-19 pandemic with which none of us has faced so far. We could not meet in a restaurant or other nice place, so we invited our carers to a virtual High Tea meeting on the ZOOM platform on Friday, October 16. During the meeting, in which 20 carers participated, we enjoyed a meal, previously ordered, with home delivery especially for this occasion.

# SERVICE SYSTEM DEVELOPMENT PROGRAM

## Polish Senior Citizens Clubs

Service System Development Program also covers community development and provides assistance to 22 Polish Senior Citizens Clubs. A lot of information has been disseminated in order to increase awareness and participation of Polish people in CHSP and HACC services. This year we also organized for the presidents of Polish Clubs a virtual HighTea meeting on the ZOOM platform.

## INTERNATIONAL VOLUNTEERS DAY, 5<sup>TH</sup> DECEMBER 2020

We invited our volunteers to a special dinner in Rowville and Albion. We have prepared packages and diploma for the Volunteers to thank them for the kindness, warmth and serenity.
